

# INAGAKI SHIHAN AIKIDO KOSHUKAI

SATURDAY 23 AND SUNDAY 24 MAY 2015

Shigemi Inagaki Shihan was born and raised in Iwama. In 1958 he became a student of the Aikido Founder, Ueshiba Morihei O'Sensei. After graduating from Nihon University in Tokyo in 1969 he spent 2½ years in the Iwama Dojo as uchideshi under Morihiro Saito Shihan.

Today Inagaki Sensei is one of the most well known, and experienced, teachers from the Ibaraki Shibu Dojo. He travels worldwide to teach, and generously shares his deep understanding in Aikido, based on almost 55 years of training, as a direct student of O'Sensei for 11 years, and for many more under Morihiro Saito Sensei. One special feature of his teaching is to incorporate talks about what Aikido has meant to him, and of his views on the spiritual dimension of Aikido.
